

Message from the Chairman

Hello Everyone,

I think Spring has arrived and what a difference a bit of sunshine makes. It certainly does lift the mood as we throw open the doors and windows. We start to catch up on all the gardening and outside jobs we haven't got around to. I can smell barbecues and hear families outside having fun. Let's hope the sunshine stays with us on this Bank Holiday weekend.

Here's to Spring and to follow, hopefully a long hot summer. *Chris*

Philip Hartley 5.12.44 - 29.3.2019
Sadly, one of our founder committee members, Philip Hartley, died in March. He had made a considerable contribution to forming the U3A 5 years ago. We benefitted from his IT skills and knowledge,

he set up the web site, newsletter and Apple computing groups. As Vice Chairman he gave invaluable support to the Steering Committee. He worked quietly and without fuss for the benefit of the whole group. Many of us will remember him with enormous affection. Farewell Philip.

Ann McGillivray

Publicity & Newsletter Coordinator Role.

This is my penultimate edition of the newsletter and so far no one to take over the role. Please ask for more information if you are interested at all. Training can be given. *Caroline Winfield*

Craft and Knit Aid: The Craft group are still busy learning new skills at The People's Initiative on the third Tuesday of the month. They recently learnt the art of smocking, which took many of them back to their school days. Some members are working on embroidery, whilst others are learning new knitting skills. The group recently visited the Ruddington Framework Knitters Museum. They had a fascinating tour where they learnt that the knitters went from working in their homes to working in small factory units like Ruddington. They would recommend a visit at a cost of only £5.

The Knit Aid group are still making items which go to Africa or Knit for Peace; this is a Government initiative charity which highlights where help is needed both in Britain and abroad, like Syria. The group manages to continue thanks to member, Marie Kirk, who makes and sells the cards at our monthly meeting and raises money to pay the postage to send off their items. They always welcome donations of wool.

Hi U3A Members. Just a reminder for you to look up a very interesting group called Radio Waves. We meet twice monthly upstairs in the Sun Inn, Eastwood where we have interesting talks on topical world events and also watch slide shows. Ray Dring runs the group, his talks on modern day electrical engineering are brilliant, the last one covered solar energy, wave energy, wind turbines and also hydro-electric power. Come and join us on a journey with Ray and look into the future. He is also open to debate and answers questions on the subjects. Come and give the group a try and improve your knowledge in the electrical world we now live, in a friendly atmosphere. *Len Marsh.*
